

## European Commitment of Young Entrepreneurs

We, **Associations of Young Entrepreneurs** belonging to the European Union and candidate countries, ~~renew our intent to intensify cooperation among young entrepreneurs and~~ reaffirm the need for an **effective platform** capable of enhancing the **benefits of our domestic European market** and **supporting our international relations**.

All parties have agreed to identify a team of **committed Europeans** capable of reshaping strategy and activities of **YES for Europe** to achieve the following objectives:

- Creating a **pan-European network** to dynamically connect young entrepreneurs and provide support from idea generation to scale-up of their enterprises to generate jobs and wealth via innovation, collaboration and trade;
- Promoting **increased cooperation** and practice sharing amongst member associations and bridging them to the international networks it belongs to;
- Increasing the understanding of the importance and value of an efficient **entrepreneurial ecosystem**.

We **are working to ensure** young entrepreneurs lead the economic, industrial and social **renaissance** of a **new, resilient Europe**. We commit to dedicate our competences and resources convinced that it is the most effective way to **contribute to wider integration across Europe**.
